

Your Friday Water Report

This Week's Topic:

Bradner Reservoir Delay

The Storrie Project Water Users Ass'n has filed a protest against the City's application to the Office of the State Engineer for a right to store more water in Bradner Reservoir Expansion Project. The SPWUA also protested the award of grant/loan funds from the EPA/NM State Revolving Grant/Loan Fund. The hearing on the OSE protest is not scheduled until Sept, 2015. The protest on the SRF funds will likely defer a decision to the end of the year.

The City's Water Enhancement Program has multiple dimensions that mitigates the impact of difficulties during implementation of individual projects. All parties are working in good faith to resolve protest issues, to assure continued progress.
